

Dear Family and Friends,

We are still marvelling at all that God accomplished in Nairobi, Kenya this last summer. We keep connected with almost half of the group, and are so encouraged with the testimonies of how Destiny School of Ministry (DSM) has equipped and strengthened their ministries to bear Kingdom fruit:

I would like to express my heartfelt gratitude for the opportunity to be at the Destiny School of Ministry. It was a powerful and wonderful experience. The subject having a quiet time with God...all other subjects and the powerful prayers that you made for us, we were truly blessed. Connecting and interacting with new people also as we made new friends, this was a big blessing during our time in the school. The gift BEHOLDING THE BEAUTY OF GOD, I must say, is a very enlightening book and has been a great source of knowledge, revelation on the Names of God and inspiration. It is indeed our prayer that soon you may open a Destiny School of Ministry in East Africa. – **Pastor DM**

What a great time I had during our DSM Nairobi Conference. Truly, I came discouraged and had thought of giving up the work of Ministry and look for something else to do. God talked to me in the conference through His servants, Greg and wife who turned my life and refreshed me greatly. God talked and I am experiencing new miracles taking place in my Ministry and family. Pastor Jim and wife prayed for me and gave a prophetic word which am now experiencing in my life. I am to talk to a leader's conference next month in fulfilment of prophecy...This is great to see the Lord doing. I would like to learn more and more. – **Pastor SN**

The Lord has continued to grow me from glory to glory after the very impacting Destiny School of Ministry that I attended. I had never attended such an impactful training in my life. I was thoroughly blessed, transformed and indeed sharpened as a minister of the Gospel. I have since taught many of the teachings to the church with a great move of God being experienced. What you are doing is truly impacting the world for Jesus! – **Pastor H**

I would like to take this opportunity to thank you and your team so much for blessing my life, and I believe the lives of all who attended the Destiny School of ministry classes. It was such a great amazing experience to connect with you people. You showed us the real kind of father - son, and brother-brother-sister relationship that God wants to restore and re-establish in the church. I do not have the right words to express the joy that I felt in my life during those days. God richly bless you!!! – **Pastor S**

5 x 5 x 5

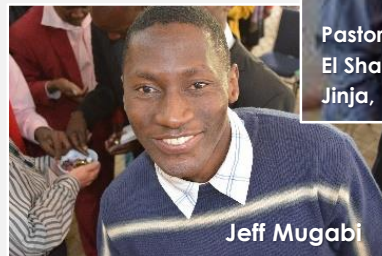

5 DSMS IN 5 NATIONS OVER THE NEXT 5 YEARS

This has been our mandate from the Lord since November of last year! When we returned from Kenya, we began to seek the Lord for the location of *DSM International #2*. It didn't take long for God to confirm that **Uganda** is next! We had several Ugandans attend the Nairobi school, and after returning home with reports and changed lives, we've been invited by their pastor to bring DSM to Jinja, Uganda, this next year, probably in June. The church has a congregation of 800 mostly young people, and this humble pastor is also helping to oversee a network of 300 other churches. Since Uganda is new territory for us, we will take an advance trip in February to set things up and to attend Jeff's wedding!

Please pray with us for clarity, specific strategies to emerge (each school has unique people and Kingdom purposes), for financial provision, and lots of grace to travel in the heat!

Our next local DSM will begin sometime late summer 2015, with an international emphasis. Our church's yearly Overflow conference in September will be hosting many of our international friends, and we will offer an in-depth 3-4 weeks of DSM training for those who can stay on. This will overlap with the local DSM and we believe that God will birth some new destinies as a result of the cross-pollination of both groups. We have a growing group of Kenyans who have requested to come and be trained further. Wow, God!

All of this is much bigger than any of us - which is a good thing! It casts us upon the Holy Spirit's strength, anointing, provision and grace - we simply cannot do this without HIM (and we would never want to!)

OTHER MINISTRY NEWS

Along with DSM, we continue to serve YWAM schools and other ministries with teaching, equipping and training. We just returned from almost 4 weeks on the west coast. Deb spent two weeks in western Washington state at Discovery Bay and then San Francisco teaching missionaries-in-training on 'Hearing God's Voice'. She loves investing in these schools, and several more are on the calendar for next year. Following these two weeks, Greg flew out and met Deb in southern California for 10 days of very special reconnecting with Kim and extended family, friends, and wonderful supporting churches, Voyagers and Crossroad 243. We spoke several times, met with many friends and colleagues, and put lots of miles on a borrowed car (thanks V!) We were very warmly received and hosted (thanks D&D, and W&K!) We felt it was one of the best connect times we've enjoyed.

We recently lead our Joel 228 prayer meeting during our church's annual Overflow conference using the flags of the 70 nations that we are currently connected with. It was a powerful time together with 100 plus participating, as well as many of our international friends participating from around the world by live stream.

Then there's the myriad of international and missions friends we host as they pass through our area. Hardly a week goes by without re-making the guest rooms. We're sure that we receive much more than we give, and hospitality continues to be one of our favorite ministries!

WRITING

Greg continues to labor with joy on his extensive volume on the story of Jesus, called 'Jesus In Sync.' We're trusting it will be finished by early 2015. Deb will soon be revising and re-printing her book on hearing God's voice, called 'Ears to Hear.' We're almost out of stock and she's learned so much since the original manuscript was produced that it really needs to be updated. She's also heading towards beginning a second book on...

Both of our present books, *Ears to Hear* and *Beholding the Beauty of God*, are always available on Amazon Kindle and can be ordered in paperback from us at the address below. They make wonderful gifts!

FAMILY NEWS

Our daughter, Kim, moved to Costa Mesa, CA, in the spring, and after finishing her paramedic training, landed a job with an ambulance company. She loves the warmer, dryer climate of So Cal, and is at the beach every free moment. One of the highlights of our time in California in October was Humpback Whale watching with Kim for her birthday! These amazing sea creatures gave us a GREAT show, 'blowing' and surfacing at least 30 times with hundreds of dolphins swimming around them! What a treat! As a bonus, while heading out of the harbor that morning, we unexpectedly sailed past the very spot where both of us were baptized over 40 years ago, the COVE at Corona del Mar! What an extraordinary memory!

Several days later, though, Kim had to have an emergency appendectomy, and had some complications during the surgery. So she spent five days in the hospital, has 26 staples in her belly, is six weeks off of work (she can't lift), and can't drive for four weeks. We were SO THANKFUL to be in So Cal when it happened, and to be able to visit her at the hospital and after she got home on Sunday. She's now recovering well.

The Cove at Corona del Mar

FAMILY NEWS (cont.)

It's been such a joy to have Nick and Melissa close by and to begin a new season with them as a couple. We enjoy connecting several times a week, and are planning the holidays with new dimensions. Melissa's family will come down for Christmas, and so the table grows!! Our newlyweds are doing well, adjusting to married life, and establishing their home together. Nick continues to work for Toyota here in town, and Melissa is a PA (physician's assistant) working for a local orthopedic clinic. They have two adorable cats, Prince and Judah, and a cute townhouse in a quiet, restful setting. They're involved with us at church, and it's a huge blessing to see Nick and Melissa walking with the Lord.

FOR PRAYER

- Anointing and scheduled time for the book writing
- Wisdom and strategy as we travel to Uganda to plan DSM-International #2
- Clarity for planning our local DSM that will include international leaders
- God's moving in the lives of our children
- Health, grace, strength for us as we 'age'!

We are so grateful for each of you who continue to invest into our ministry with prayer, encouragement and finances. What a privilege to continue all of these years on the King's business! Thank you for your part. We couldn't do what we do without each of you!

Every blessing, much grace and shalom peace on y'all!
